## You Picked Me

Words and music by Sophie Ulibarri

Verse 1:

I draw a line  
between yours and mine  
Yet all the signs say you picked me first

Verse 2:

My time and space  
has lost its place  
Yet all the signs say you picked me first

Chorus 1:

And I want to understand  
The warmth of your welcome hand  
It moves me, moves me  
Tonight

Verse 3:

My greedy soul  
Has spent it all  
Yet all the signs say you'll pick me first

Chorus 2:

And I want to understand  
The warmth of your welcome hand  
It moves me, moves me  
And I've got nothing left to give  
Just empty hands and pockets  
But you move me, move me tonight

Bridge:

I ask  
How can I get closer  
But you tell me that my happiness is here

Verse 4:

You lift my face  
Wrinkled with disgrace  
My child you say, I picked you first
